

The future!

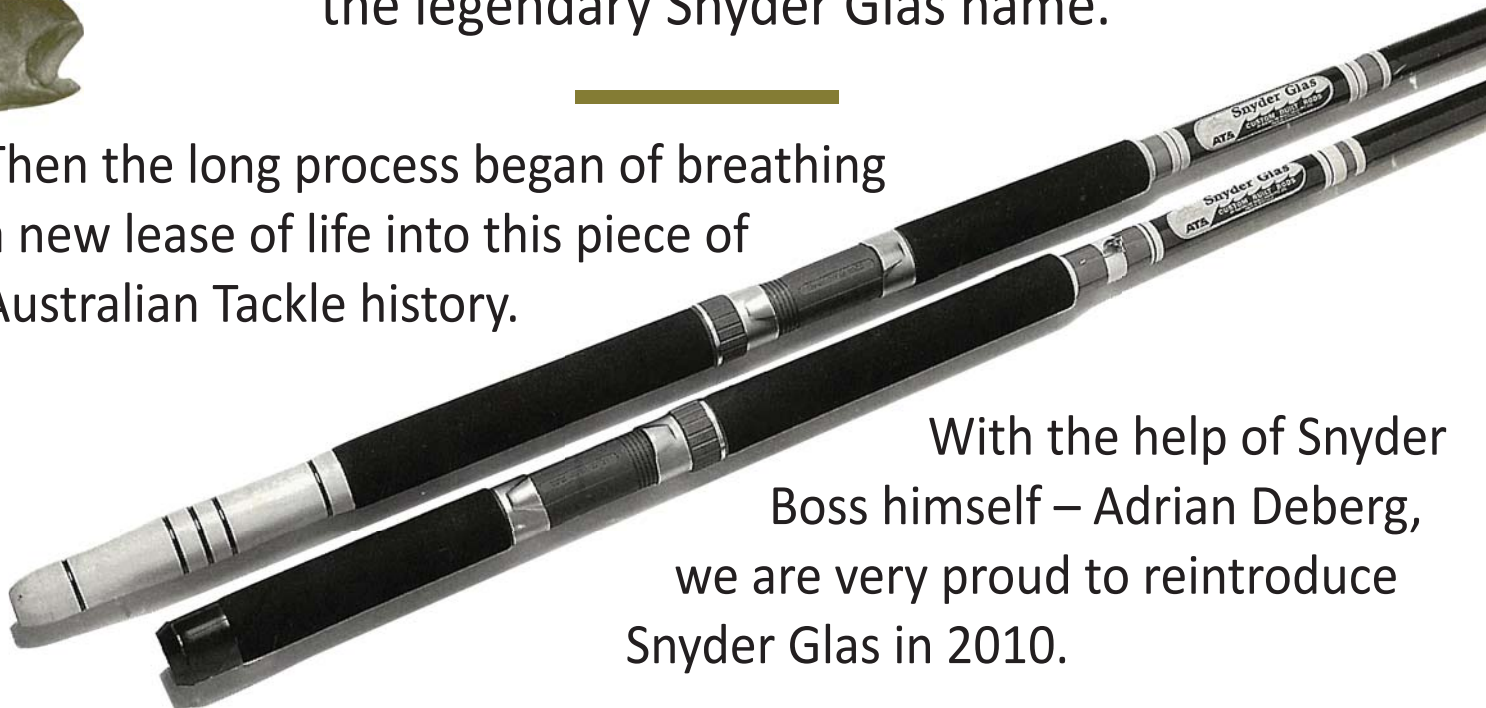

THE NEW ERA OF SNYDER GLAS:

In late 2009 L. Wilson & Co purchased the Rod and Blank building side of B & S Laminates – this included the patterns, mandrels, equipment and most importantly the legendary Snyder Glas name.

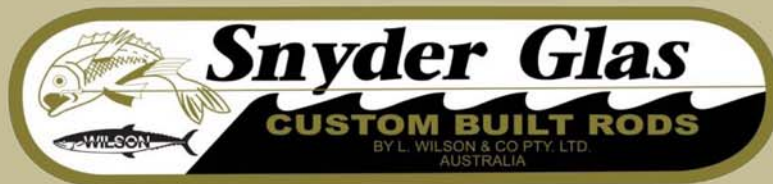

Then the long process began of breathing a new lease of life into this piece of Australian Tackle history.

With the help of Snyder Boss himself – Adrian Deberg, we are very proud to reintroduce Snyder Glas in 2010.

With a range of rods that have that same crisp action and unique looks that have made them part of our Aussie fishing culture, the great thing is that these rods are still being built here in Australia - something we at Wilsons are very proud of!

L. Wilson & Co. Pty Ltd - P.O Box 402, Cannon Hill, QLD 4170

PH: (07) 3890 2288 Fax: (07) 3890 2477
